## LIABILITY PROTECTION AND DRIVER ANALYTICS

Things can get rough out there. VidFleet™ starts recording when it detects a potentially safety-critical event, giving you the insight you need when it matters the most.

VidFleet™ allows you to review and resolve crashes with a clear, high-definition view of the events surrounding a collision. Should a crash occur, protect your drivers and assets from fraudulent claims with the detailed incident footage made possible by VidFleet™.

## CAPTURE WHAT MATTERS

Know what happens, when it happens with instant notifications and videos of incidents delivered in less than a minute.

Vehicle crashes cost the American economy nearly **\$871 billion** in economic loss and societal harm. Our instant video monitoring offers you the proof your business needs to defend against fraudulent claims.
